

## Words from Our Clients

“... thank you once again to you and your Chamaeleon team for helping to create a great event last week at ACM. Your team served the wines at the perfect temperatures, and all the guests were very impressed with the level of professionalism from your team as well. They were also very helpful in clearing the area, and helping to pack the leftover bottles neatly into boxes to make it easier for my colleagues to ferry the bottles back to office. Looking forward to working with your team in the future, and I will also recommend you to my other contacts should they be looking at mobile bar/wine glass rentals.”

- Patty Woo Assistant Director Contact Singapore - An alliance of Singapore Economic Development Board and Ministry of Manpower

“I wanted to thank you all for your hard work and assistance for the EDB Art Stage event at Gillman Barracks last week. Given that we had very little time to put it together, it went very well & overall it was a great event! We got some good feedback from the client and guests. Please extend my thanks to your team as well.”
